While celebrating his latest victory over the evil sorcerer, Leezar, who has been ravaging Tallious's kingdom, Fabious introduces the virgin Belladonna whom he has freed from a tower and wishes to marry. Though his brother makes him the best man, Thadeous skips the wedding after overhearing Fabious' Knights Elite, led by Boremont, talk about him negatively. The wedding is then crashed by Leezar, who reveals himself to be the one who placed Belladonna in the tower. Leezar re-kidnaps her and flees.
