Storyline: Abbott Fahai and his assistant Neng Ren meet an ice harpy at the top of a mountain. The harpy turns the impetuous Neng Ren into an ice statue. Unrepentant, Fahai is forced to capture her with a demon trapper, which releases Neng Ren from the transformation. Neng Ren is then tasked to confine the ice harpy at Lei Feng Pagoda, confining it in a magic circle along with other trapped demons.

On the other side of the mountain, two female snake demons (Qingqing and Susu) are playing around when they spot a physician, Xu Xian, picking herbs at the foot of the mountain with his friends. Qingqing, being a playful snake, scares him, causing him to fall into the lake below. Susu, being gentler, assumes human form and kisses Xu Xian, which allows Vital Essence to flow from her into his body thus saving him. When Xu Xian wakes up he tells his friends about the kiss, which only makes them laugh.
