Storyline: In Shakespeare's play, Prospero was the Duke of Milan. In the adaptation, Prospera is the daughter of the Duke. She is "more overtly wronged" than Prospero; when the duke dies, Prospera's brother Antonio (played by Chris Cooper) accuses her of killing him with witchcraft. Antonio makes the accusation to be rid of Prospera and claim her royal title. Taymor said, "She had her whole life taken away from her because she was a woman." Prospera wants to prevent the same thing from happening to her daughter *he Strange Case of Angelica* (Portuguese: *O Estranho Caso de Angélica*) is a 2010 Portuguese drama film directed by Manoel de Oliveira. It was entered into the Un Certain Regard section of the 2010 Cannes Film Festival.<sup>[1]</sup> De Oliveira conceived the idea for the film in 1946 and initially wrote the script in 1952, updating it with modern elements.<sup>[2]</sup>
