ReleaseDate: 2012-11-16

Storyline: Bella, who has just given birth, awakens from her human-to-vampire transformation and is introduced to her daughter Renesmee. The rest of the Cullens and Jacob stay nearby, and when Jacob acts possessively towards Renesmee, Bella learns he has imprinted on her, making her furious until Jacob explains what imprinting is. Meanwhile, Bella's father, Charlie, has been trying to contact the Cullens for updates on Bella's health. Carlisle comes to believe that they have to leave Forks, Washington to protect their identities - especially because of Charlie. Jacob, desperate not to lose Renesmee, visits Charlie and tell him that Bella is alive and well, but had to change in order to get better. Jacob also tells Charlie he doesn't live in the world he thinks he lives in, but says nothing about vampires. He then phases into his wolf form. Charlie then visits the Cullen house and meets Renesmee, believing she is a niece of Edward's whom Bella and Edward adopted. Afterward, the Cullens are able to stay in Forks.

Several months pass with Carlisle monitoring Renesmee's rapid growth. On an outing in the woods, a bitter Irina sees Renesmee from a distance and assumes she's an immortal child without asking any questions. Immortal children were vampires who were changed in childhood, and because they could not be trained nor restrained, they destroyed entire villages. They were eventually executed, as were the parents who created them, and the creation of such children outlawed. Irina goes to the Volturi to report what she has seen. Alice sees the Volturi and Irina coming to kill the Cullens, and instructs the others to gather as many witnesses as they can to testify that Renesmee is not an immortal child. The Cullens begin to summon witnesses, such as the Denali family. One of the Denali, Eleazar, later discovers that Bella has a special ability: a powerful mental shield which had protected her from Edward's mind reading even when she was human, and which she is taught to extend to protect others from vampire powers.
